DETAILED ACTION

Information Disclosure Statement

The references cited in the Search Report submitted on 3/9/05 have been considered, but will not be listed on any patent resulting from this application because they were not provided on a separate list in compliance with 37 CFR 1.98(a)(1). In order to have the references printed on such resulting patent, a separate listing, preferably on a PTO/SB08A and 08B form, must be filed within ONE MONTH of the mailing date of this communication. NO EXTENSION OF TIME WILL BE GRANTED UNDER EITHER 37 CFR 1.136(a) OR (b) to comply with this requirement.

Prior Art Cited

Each of Nakayama and Crone et al discloses a reflector having a supporting body and a reflection sheet.

Drawings

The drawings filed 3/9/05 are acceptable.

Allowable Subject Matter

Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance: none of the cited references teaches or fairly suggests a reflector having the structure defined in claim 1. The Nakayama's reflector comprising a supporting body which has a base having a surface and a plurality of projections having a sloping surface sloping with respect to the surface of the base, and a reflection sheet disposed on the supporting body; however, Nakayama fails to disclose a sloping section of the reflection sheet is

separated from the other section and the peripheral section of the projection (claim 1, last three lines) as set forth in the claimed combination.

Claims 2-5 are dependent claims and thus allowable at least for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
